## THE LESSON »

Our lesson is based on experienced beginners to intermediates who have had some instruction on a bike.

There can be a fair amount of talking, doing drills and watching coaches and other participants as part of Biking 102 lesson plan. This time is better described as explaining, demonstrations by the coach, moving through the drill and asking for your feedback and thoughts on the drills.

The overall goal of all this chatting is an effective understanding, application and translation of the skill or technique we're working on.

Building a solid foundation and understanding will pay dividends for your future bikelife. And after all that learning, we take it to the trails (Moonraker, a few times back and forth), cause we're here to learn.... wait — shred! ... wait — learn...

## WHAT TO WEAR »

### Required (\*):

- \*CSA approved modern Helmet (any helmet 5 years or older is ineffective protection)
- \*A mountain bike in good repair — head over to [Hardcore Bikes](#) for a tune up!
- \*A bell attached to your bike (it's the law!)
- \*Closed toed shoes are mandatory. NO SANDALS.
- \*Weather appropriate clothing — spring means puddles!

### Recommended:

- Gloves (full fingers)
- Eye protection (light coloured lenses work best)
- Chamois (padded bike shorts) are a great investment
- Body armour is welcome if that makes you feel more comfortable!

### Your Trailbag should hold:

- \*ID & Cell phone,
- \*Water and snack — amount depends on the ride length
- Mini pump, tire levers and an extra tube (that fits your bike)
- Multitool (with Allen keys and Hex keys)
- Sunscreen / bug spray
- Mask/buff for any close contact (emergencies etc)
- Anything else you need (light jacket, wallet, etc)

## GETTING READY TO SHRED »

### Mechanic serviced bike

Head over to [Hardcore Bikes](#) for a tune up — the earlier you book in the better! While you're there, pick up anything you need for our time together: gloves, bell, chamois.

### Waiver package

A waiver package will arrive in your inbox for you to electronically sign 1 week from the clinic (or shortly after you sign up if it's less than a week until our clinics date!). Signing is required prior to your clinic with us. A copy of the waiver is included at the end of this document for you to read and discuss with a medical or legal professional, if you deem it necessary, prior to signing.

### Automated email with your Clinics information

These emails come out 1 week and another 1 day before the clinic. Check your spam folder!

### Check the weather

The morning of our clinic, check the weather and pack appropriately. Familiarize yourself with the ride location and the time required to get there for 11:45pm.

## MERCH FOR SALE »

While we wait for our clinic, check out our [shop](#) for some water bottles, stickers, jerseys and buffs!

## FAQ »

### Weather cancellations

Any last minute cancellation will be decided 2 hours before ride time. This will be communicated via Instagram/Facebook and emailed to you.

### Coach certifications

All our coaches are certified mountain bike instructors with either PMBI or BICP, as well as holding First Aid certifications.

### COVID illness / COVID Policies

To register for this clinic, you stated that you have read and understood these policies. Please find links to these documents here ([COVID Policies](#)). If you are sick prior to any ride or event, do not attend and let us know.

### Cancellation Policy

To register for this clinic, you stated that you have read and understood this Policy. Please find links to these documents here ([COVID Policies](#)).

### Locations

The location for this clinic was selected for its open space for our lesson plan, proximity to appropriate trails, and access to facilities. If there is an issue with the chosen location for the week (construction, limited parking) that we are aware of ahead of time, you will be notified.

### Switching groups

Your ability was self assessed on your registration as well as by a review of your registration questions. It is our experience that very rarely these combinations of assessments are wildly

incorrect and need to be adjusted, but if you feel like your group is impeding your learning — in ANY way — reach out during your lesson and we can find a solution together.

### Fitness

Fitness is an aspect to consider when mountain biking. We ask for a self-assessment on your application. No one is left behind during our clinic rides. Group management strategies and coaches sweeping (coaches riding at the end of the ride group) help to reduce anyone being lost or left behind. In general, some consistent exercise routine that challenges you will be just fine to enjoy your rides with us.

### Clips

Bike shoe clips are not ideal for Biking 102. Flat pedals are strongly recommended for a variety of reasons, including a safer learning environment. We have found that mentally, knowing you can quickly hop off your bike when doing more challenging features (whatever that is for you) has allowed participants to build confidence and a willingness to try. Flat pedals ensure proper foot and pedaling technique, so if you are a cleat/clips person, challenge yourself to try flats a few times prior to our clinic together. If you are much more comfortable on clips, then feel free to use them, but do let us know so we can plan accordingly.

## FAQ CONT. »

### Your bike

We require mountain bikes for all SheShreds clinics. If you are unsure that your bike will be sufficient — send us a few pictures of your bike from different angles. Prior to your clinic, bring it in to [Hardcore Bikes](#) or any other local bike shop to get a “once-over” service. That said, we also prescribe to the “Ride what you got!” theory — so any safe mountain bike will do (rigid, hardtail, full suspension). If you want to be specific, any cross-country to enduro bike is well suited to our Edmonton trail system and if you have front suspension on your bike, anywhere from 130-150mm is the sweet spot, but larger suspension or no front suspension also can be managed.

### Rentals

Rentals are difficult to come by with the demand for bikes spiking during COVID. Call around to our local bike shops to see if they have any rentals this season. Be equipped with your height and weight so they can see what size options they have. You are looking for a “cross-country” or “trail” mountain bike.

## WAIVER »

A waiver can be found at the end of this guide — this is for you to review and understand. **We will send you a copy to sign via Smartwaiver shortly.**

Communication in the remote terrain which is sometimes used for Mountain Biking is difficult and in the event of an accident, rescue and medical treatment may not be readily available.

I AM AWARE OF THE RISKS, DANGERS AND HAZARDS ASSOCIATED WITH MOUNTAIN BIKING AND I FREELY ACCEPT AND FULLY ASSUME ALL SUCH RISKS, DANGERS AND HAZARDS AND THE POSSIBILITY OF PERSONAL INJURY, DEATH, PROPERTY DAMAGE OR LOSS RESULTING THEREFROM.

RELEASE OF LIABILITY, WAIVER OF CLAIMS AND INDEMNITY AGREEMENT

In consideration of the RELEASEES agreeing to rent me Mountain Biking equipment and permitting my use of their services, equipment and other facilities, and for other good and valuable consideration, the receipt and sufficiency of which is acknowledged, I hereby agree as follows:

1. TO WAIVE ANY AND ALL CLAIMS that I have or may in the future have against the RELEASEES AND THE EQUIPMENT MANUFACTURERS AND DISTRIBUTORS AND TO RELEASE THE RELEASEES from any and all liability for any loss, damage, expense or injury, including death, that I may suffer or that my next of kin may suffer, as a result of my participation in mountain biking or the use of the Equipment, DUE TO ANY CAUSE WHATSOEVER, INCLUDING NEGLIGENCE, BREACH OF CONTRACT, OR BREACH OF ANY STATUTORY OR OTHER DUTY OF CARE, INCLUDING ANY DUTY OF CARE OWED UNDER THE OCCUPIERS LIABILITY ACT, ON THE PART OF THE RELEASEES, AND FURTHER INCLUDING THE FAILURE ON THE PART OF THE RELEASEES TO SAFEGUARD OR PROTECT ME FROM THE RISKS, DANGERS AND HAZARDS OF PARTICIPATING IN THE MOUNTAIN BIKING REFERRED TO ABOVE; OR DUE TO NEGLIGENCE, BREACH OF CONTRACT, OR BREACH OF WARRANTY ON THE PART OF THE RELEASEES IN RESPECT OF THE DESIGN, MANUFACTURE, SELECTION, INSTALLATION, MAINTENANCE, INSPECTION, SERVICE OR REPAIR OF THE EQUIPMENT, or in respect of the provision of or the failure to provide any warnings, directions, instructions or guidance as to the use of the Equipment;

- 2. TO HOLD HARMLESS AND INDEMNIFY THE RELEASEES for any and all liability for any property damage, loss or personal injury to any third party resulting from my participation in Mountain Biking or my use of the Equipment;
3. This Release Agreement shall be effective and binding upon my heirs, next of kin, executors, administrators, assigns and representatives, in the event of my death or incapacity;
4. This Release Agreement and any rights, duties and obligations as between the parties to this Release Agreement shall be governed by and interpreted solely in accordance with the laws of the province or territory where the Activities take place and no other jurisdiction; and
5. Any litigation involving the parties to this Release Agreement shall be brought solely within the province or territory where the Activities take place and shall be within the exclusive jurisdiction of the Courts of that province or territory.

In entering into this Release Agreement I am not relying on any oral or written representations or statements made by the Releasees with respect to the safety of participating in the Wilderness Activities, other than what is set forth in this Release Agreement.

I CONFIRM THAT I HAVE READ AND UNDERSTOOD THIS RELEASE AGREEMENT PRIOR TO SIGNING IT, AND I AM AWARE THAT BY SIGNING THIS RELEASE AGREEMENT I AM WAIVING CERTAIN LEGAL RIGHTS WHICH I OR MY HEIRS, NEXT OF KIN, EXECUTORS, ADMINISTRATORS, ASSIGNS AND REPRESENTATIVES MAY HAVE AGAINST THE RELEASEES.
